

HAIR

The Old Brewhouse will be using a pricing system new to the hair industry - charging for most services by the time taken and not by a set pricelist. This practice allows our stylists and technicians to focus on what is best for your hair and to choose the most beneficial products without being restricted by sticking to the menu. We will give you as much pampering in the time allocated as we can.

We charge in blocks of 15 minutes at one pound per minute. Using this pricing structure your first haircut at TOB will be charged for one hour although the appointment will be for 75mins. The additional 15 minutes at this first appointment will be used as a consultation time which will allow you to get the very best from your stylist. The time needed for hair colour will be verified when you come in for a skin test; you will therefore, know the maximum price you will pay before you arrive.

There are no hidden extras.

There is no tiered pricing structure at TOB, all our stylists and technicians are fantastic! We believe that you should know exactly how much you will have to pay before you leave the comfort of your chair.
